Volume 7 Issue 3

SuperScribe, LLC Newsletter

As our business continues to grow, we are still looking to hire scribes for both ED and Clinic positions. We love your referrals! If you know of individuals who want to get into the healthcare field and would be a great fit, please have them apply through our website and list you as a referral.

Message from the President

Many of you have already heard from me on this topic but in case the message was missed, I want to thank all of our clients for your patience with us with regards to staffing. Like many industries, both the number of applicants and the pool of quality candidates have shrunk. Add in the usual summer turnover and to put it bluntly, the struggle is real! This is the first time in my over 12 years of running this company I have been in this situation; it's humbling and embarrassing. We truly value your business and want you to have the best scribes in town. We will continue to work diligently to get, and keep, you fully staffed!

"Only a doctor is blessed with the magical powers to treat a life, to bring health into our lives and to be there with us when we have lost all the hopes." -Unknown

WHERE ARE THEY NOW?

Ali Nazerali

Ali is currently finishing out his 3rd and last year of residency at Texas Tech University. His program was named the largest Family Medicine Residency program in the country. He is now one of the four Chief Residents in the program which he said has been an amazing experience! Ali recently received an Emergency Medicine Fellowship offer and is excited to spend time in the ER, a place "that is very near and dear to me- thanks to SuperScribe!"

Scribe of the Quarter

Our Super Scribe for this third quarter is Vivien Sehapovic! Vivien has shown outstanding performance while performing her day in and day out duties as a scribe. The results and feedback from providers, peers, and management have been outstanding. We'd like to congratulate and acknowledge the tremendous success Vivien has achieved! We are grateful to have someone like her on our team who is willing to go above and beyond to achieve such great success. Thank you for your diligent hard work, Vivien!

News Article: Impact of a Medical Scribe Program on Outpatient Pediatric Gastroenterology Clinic

The presence of medical scribes was associated with significantly more efficient clinic flow for established encounters and modest improvements in note completion rate. There were no measurable negative effects on documented medical note complexity or patient satisfaction scores. – Journal of Pediatric Gastroenterology and Nutrition.
